

# WhatsApp Business Setup Guide

This guide takes you through setting up a complete, professional WhatsApp Business profile in one afternoon. No tech skills needed.

## Step 1 â Download WhatsApp Business

- Download 'WhatsApp Business' from the App Store or Google Play (it is a separate app from regular WhatsApp).
- Register with your business phone number. Use a dedicated number if possible.
- Verify your number with the SMS code.

## Step 2 â Set up your Business Profile

- Business name: use your official business name. This shows on every chat.
- Category: pick the closest match (Retail, Professional Services, Education, etc.).
- Business description: write 2-3 lines â what you do, who you help, where you are.
- Profile photo: use your logo or a clear professional photo. Square crop, 500x500px minimum.
- Website, email, address, and hours: fill in all fields â they appear on your profile page.

## Step 3 â Set up Auto-Replies

- Greeting message: sent to customers who message for the first time. Example: 'Welcome to [Business Name]'
- Away message: sent when you are offline. Include your hours and when they will hear back.
- Quick replies: save long messages as shortcuts. Type /invoice to send your full invoice message instantly.

## Step 4 â Set up your Catalogue

- Add your top 5-10 products or services to the catalogue. Include name, price, description, and a photo.
- Customers can browse your catalogue directly on your profile.
- Share catalogue items directly in a chat by tapping the paperclip icon.

## Step 5 â Label your chats

- Use labels to organise customers: New Customer, Pending Payment, Order Complete, Follow Up.
- Tap and hold any chat to add a label. Filter chats by label from the main screen.
