

This is a planning pack, not runnable POS software. Use it before you buy or build a system.

## **Core screens**

- Login / PIN
- Billing / cart
- Product search and quick add
- Customer select / create
- Payment (cash / card / credit)
- Receipt print / share
- Stock list + stock in / stock out
- Day close / sales reports
- Settings (tax, printers, users)

## **Staff roles**

- Owner: all permissions
- Cashier: billing + customers (no delete products)
- Store manager: stock + reports + PIN reset
- Accountant: report export only
