

This PDF shows how to assemble a landing page from the kit. Use it with the copy templates and mobile checklist in the same download.

Section order

- Hero - one promise + one button
- Problem - the pain you solve
- Solution - your method
- Proof - quotes or results
- Pricing - 2 or 3 plans only
- FAQ - remove buying fear
- Final CTA - repeat the offer

Layout rules

- Reading width about 720 to 880px
- Bigger gaps between sections than inside cards
- One serif for headlines, one sans for UI
- One accent color only (brand emerald #10B981 is a good default)

First screen

Show brand name, headline, one sentence, and one main button. Do not put a long form above the fold.
