

Shop + POS - Buy vs build checklist

Tick what you need before you spend money.

- ☐ Works if the internet drops (offline mode)
- ☐ Thermal printer support
- ☐ Multi-store
- ☐ Tax rules for your country
- ☐ Barcode scanner
- ☐ Backup / export
- ☐ Usable on phone or tablet
- ☐ Staff can learn it in one afternoon

Stock flow

Purchase or opening stock = stock in. Sale, damage, or return-out = stock out. Set a low-stock alert per item. Reconcile cash and stock every day.
